

**Are you a landscape architect or planner? Are you a community engagement or communications specialist? Are you a graphic designer?**

Huddle is looking for a new team member. As a micro-company, we need someone with a very dynamic skillset – someone who can dive in and work independently on the following types of projects:

Landscape Architecture Design  
Park, Trail, and Outdoor Recreation Planning & Management  
Community Engagement (Any and all topics!)  
Graphic Design  
Cartography  
Project Management  
Land Use Planning  
Active Transportation Planning

Must-haves:

Bachelor's or master's degree in Landscape Architecture, Planning, Architecture, or a related discipline.  
Excellent communication (both verbal and writing), interpersonal, and organizational skills.  
Expert proficiency in AutoCAD, InDesign, Illustrator, Photoshop, and Microsoft Office.  
Graphic design capability.

Nice to have but not required:

GIS  
SketchUp  
3D Modeling  
Professional license to practice your discipline.

Does this sound like you? Are you looking for a new opportunity? Send us a simple resume by email – if it could be a good fit, we'll talk more.
